# STEP UP YOUR GAME

<sup>19</sup><sub>24</sub> *Experience the Difference*

Koshkonong Mounds Country Club was originally built as a resort in 1870 to host sportsmen who hunt and fish these legendary waters. In 1922, the initial golf course construction took place, utilizing many of the native effigy mounds as navigational hazards. The brand new 9-hole course opened for play in 1924. In 1981, we expanded to include an additional nine to complete our existing course.
